2. Introductions and welcome new members
 - Dr. Robert Huefner (Public Health)
 - Greg Poulsen (Hospital)
 - Andrew Bowler (Business)
 - Clark Hinckley (Business)
3. Nominations - Notice and explanation of process of nominations for the next fiscal year
4. Updates
 - Staff - Kevin Lertwachara is leaving to pursue a Doctorate degree in Toronto
 - Databases - Compliance and release dates: 1998 & 1999 E.D., Amb. Surgery, Inpatient Reports - Includes E.D. report and planned analysis focused on Cardiovascular Diseases
 - Internet - Redesigned Office of Health Care Statistics (OHCS) website, new E.D. query system, and other resources
5. Partnership with business
 - OHCS has been working with Health Insight, Business Health Partnership, and employer representatives on developing an agenda for generating reports from our data for use by employees and employers.
6. Health Data Committee Retreat
 - Last year, the Committee agreed that it would be beneficial to hold a retreat to revisit the Committee's mission, prioritize strategies, and clarify the working relationships between committee members, staff, and the Department of Health. The retreat is timely given the number of new members who joined the Committee within the past couple of years and the creation of the Center for Health Data that involved OHCS.
7. Other Business
